- 11. Read information in **Green**
- 12. Select **OK**.

The screenshot shows the MultiPlan website interface. At the top left is the MultiPlan logo. Below it is the heading "Find a doctor or facility". The network is set to "PHCS". There is a search bar with the placeholder text "Search by name, specialty, facility type, NPI # or license #" and a search button. To the right of the search bar, it says "near 32043". Below the search bar are two buttons: "Change Network" and a checkbox labeled "Remember my network". At the bottom of the page, there is a green banner with white text that reads: "Provider information contained in this Directory was last updated earlier today and therefore may have changed. Before scheduling your appointment or receiving services, check with the provider to confirm participation in the network, location, and if the provider is accepting new patients." In the bottom right corner of this banner, there is a white button with the text "OK". A red arrow points to this button with the text "Click Here!".

- 13. Scroll Down to see results.

This screenshot shows the same MultiPlan search results page, but with the green banner removed. The search results are displayed. At the top, it says "523 results for 'Primary Care' near 12345". Below this, there are two buttons: "Apply Filters" and "Reset Filters". To the right, there is a "Printer Friendly" link and a "Sort by" dropdown menu set to "Distance (approx.)". The first result is for "Doe, John, M.D", a Family Practice located at "123 Easy ST, Anywhere, US 12345", with a phone number "555-555-5555" and a "View all Locations" link. The distance is listed as "4.33 Miles". Four red arrows point downwards from the text "Scroll down to see results!" towards the search results area.

- 14. Call the Provider to set up appointment, and verify insurance.
